CERTIFICATION COURSE

IN THIS RPA I HAVE STUDIED

.What is RPA

.what is the benefit of RPA

.Introduction of RPA

The screenshot displays the GUVI RPA course interface. At the top, a browser address bar shows the URL `guvi.in/courses-video?course=rpa_english`. Below the browser, a navigation bar includes links for Apps, Gmail, YouTube, Maps, and two Virtual Classroom instances, along with a notification for 3 new messages. The main content area features a video player with a play button and a progress bar at 23:46. Below the video player, there are tabs for Notes, Summary, Activity, and Discussion. The Notes tab is active, showing a text input field with the placeholder "Add your notes ..." and a green Submit button. To the right of the notes section is a Table of content sidebar. The sidebar shows the Beginner Module progress at 100% and lists three completed topics: Introduction, Uipath Components and Extensions, and Scraping, Conditions and Loops in Uipath. A green Ask GUVI button is located at the bottom right of the sidebar.
